

Universe Series

Keychain
2021

Designing the Universe Series keychain for my own brand, Aeciell, with my partner was an exciting and challenging experience.

Inspired by NCT 2021's Universe era, we wanted to create a unique and eye-catching design that would capture the essence of the concept. From sketching ideas to final production, we poured our passion and creativity into every detail, and we couldn't be prouder of the result.

*A tiny but mighty way to
showcase your style!*
